

Mr.CEO's Beloved Wife Chapter 4 To 6

Chapter4

Four years later.

Within the Di Jing supermarket chain, there were two large and small figures standing in front of a shelf that attracted the attention of many passers-by.

There were even some who could not resist taking out their cell phones to take secret photos.

"Miss, if you want milk powder, our supermarket has everything, and we've been doing activities recently, it's very cost-effective." The clerk from the supermarket smiled and came forward.

Only then did the woman turn around, revealing a delicate oval face, snow-white skin, bright eyes, and an ethereal aura. She was charming yet not unworldly, no wonder she was so eye-catching.

"Thank you, I've already chosen." The woman smiled sweetly and placed the selected milk powder into the cart.

"Brother Mu, I've grown up. I'm a man, so I don't need to drink this kind of stuff that only children would drink." The little boy in the cart said solemnly.

Seeing this, the clerk at the side felt as if his aunt's heart was about to melt.

This little boy was too beautiful and delicate!

It was simply a work of art crafted by God himself. It was exquisite,

beautiful, white, cute, and had eyes as big as black grapes. When looking at people, it would make them lose their souls.

Incredible!

He was already so monstrous looking at such a young age. If he had grown up, wouldn't he be able to charm all living creatures and take away so many young girls' hearts?

"Wait till you surpass your mother, then you can tell me that you're already a man. Now, just obediently drink it, little star?"

Mu Qinghuan rubbed little bun's fluffy head and ruthlessly messed up his short hair before stopping with satisfaction.

Under the light, the little boy pouted with dissatisfaction. "I don't want to chase after girls. I'm just guarding Brother Mu."

"My family's Little Star is really good!"

Looking at her silly bun, Mu Qing's heart felt warm and sweet.

Four years ago, she left this sorrowful place in despair, only to find out a few months later that she was pregnant.

Originally, she wanted to knock the child out, but when she really entered the operation room, she regretted it.

She suddenly realized that since she had nothing left, the only thing she had left was the bone and blood in her stomach!

It didn't matter who his father was. Her blood flowed through his veins. He

was her child, her only family member!

Thus, that year, even though she was at the end of her rope, she still gave birth to this child.

As it turned out, her decision was the right one. With a child, she was able to stand up strong and walk step by step to this day when she was in such despair.

"Little Xing, mother is here. She has finally seen you!"

Suddenly, a scream rang out from the side.

Mu Qinghuan's vision blurred as a figure pounced over and hugged Mu Hanxin.

"Godmother, you're strangling me so much I can't breathe." Mu Hanxin frowned with a stern expression on her face.

However, no matter how serious his expression was, he was still a three year old little bun who was still immature. His entire body was covered in baby fat, and from the looks of it, he only made people want to ruthlessly ravage him.

"Sorry, sorry. The main issue is that you and your mom have always been seeing each other on video. This time, you and your mom have finally returned home, that's why we are officially meeting. My mom is so excited. Look, your mom even prepared an outdated Ultraman model for you!" Chi You Ran presented the gift like a treasure.

"The allure of this little star is really great. It's been such a long time, yet you don't even see me in front of you." Mu Qinghuan rolled her eyes in

dissatisfaction when she saw that her good friend had completely ignored her.

"You and I have known each other for more than 10 years. Can you be like a little star? Look at how pleasing he is to the eyes!" Chi You said confidently.

"Mother, I forbid you to speak like that about my Brother Mu. I'm handsome only because of Brother Mu's good genes." Mu Hanxing had always been a person who would only bully her own mother. She wouldn't allow others to criticize Mu Qinghuan like this, even for her godmother.

"Is that so? "What if it's your dad's genes?" Chi You Ran said subconsciously. After that, he wanted to bite his tongue and kill himself.

It really was like talking about a pot or a pot.

"Daddy is an irresponsible scoundrel. I'm not like him! "I'm like Brother Mu!" Mu Hanxing hurriedly said as she glanced at Mu Qinghuan's expression.

Mu Qinghuan knew that the little bun was afraid that she would be sad because of this matter, so he purposely said that. In his heart, he was actually yearning for his father's love.

But in this respect, she was destined to disappoint her son.

She had been utterly disappointed with men all her life and no longer believed in love.

It wasn't bad for him to raise his son and raise him into an adult on his own.

Wasn't she living a good life now? Why did she need to find a man to worry about?

"I've already bought the items. Let's go back first." Mu Qinghuan pushed the shopping cart towards the cashier counter.

"Qing Huan, you are not planning to leave after being transferred back, are you?" Chi You Ran asked as he stood beside Mu Qing Huan.

"Hm, I'm not leaving." Mu Qinghuan stopped what she was doing and said, "There are some things that have to be slowly taken back."

"That's great! However ... Right now, not only is the Mu Clan one of the top hundred enterprises, the company towards Ye Bei is also not the same. Right now, when he was at his peak, many people were fawning on him. In these four years, Mu Ning Yue had entered the entertainment circle and became the national goddess. Chi You Ran was truly worried that Mu Qing Huan would be at a disadvantage under those people.

"Don't worry, I know what I'm doing." Mu Qinghuan's body stiffened slightly. It was as though a thorn had pierced her heart.

These past few years, she had thought countless times that they would definitely suffer retribution for doing such a bad thing. But now, after hearing that they were living a blissful life that was even higher than others, the anger in her heart couldn't help but spew out.

Why were they so comfortable?

There would be a day when the Mu family and Ye Bei would take back every single one of them!

He owed her, owed the Bai Clan. He definitely wouldn't let it go just like that!

After paying, he walked out of the supermarket with the big and small bags of stuff in hand.

"Little Xing, wait here for Mommy with your godmother. Mommy, go drive."

Mu Qinghuan waved towards her son before she turned around and walked towards the underground parking lot.

The little bun followed Chi You Ran to the snack bar. Chi You Ran bought a bunch of snacks for the little bun and waited in line to pay the bill.

The little bun himself was strolling around the snack bar.

Looking around, through the transparent window, the little bun suddenly saw a woman chasing after a man.

The man was tall and had a handsome posture. Even if it was just a silhouette, it was not difficult to see that he had a handsome appearance and an extraordinary bearing.

Hmm, she was still considered good-looking, even on par with him.

As Mu Hanxin walked out, she could hear the conversation of the two people when she was close to them.

"Brother Chen Yuan, can you not be angry? I know I was wrong. I just wanted to talk to you alone. After so many years ... "You still haven't forgiven me for my past ..."

The woman chased after the man, her eyes filled with infatuation and worry.

The man in front finally stopped and turned around.

Mu Hanxin finally saw the man's face.

Even from this distance, his imposing aura was still extremely intimidating. He had a handsome face, clear facial features, deep contours, and a pair of cold eyes that seemed completely unperturbed. It made one shiver when they looked at him.

Mu Hanxin couldn't help but take a step forward, Little Fatso held onto the window, wanting to take a closer look.

"F * ck off."

The man merely cast a cold glance at the woman, his magnetic voice devoid of any warmth.

"Little Star, what are you looking at?"

After Chi You Ran finished paying the bill, he walked to Mu Han Xing's side and looked outside.

"That auntie's confession has been rejected."

Mu Hanxin pointed in the direction of the man and woman from before.

Chi You Ran looked over and saw the man's face. His eyes lit up and without a word, he took out his phone and took a photo crazily, "F * ck!" "So handsome!"

"Mother, wipe your saliva." Mu Hanxin retorted.

"Speaking of which, why do I feel like this man's face looks more and more familiar?" As Chi You Ran looked at the face of the man who was secretly taking photos on his phone, he felt that something was off ...

Mu Hanxin followed his gaze. The man had sharp eyebrows and a straight nose. His red lips were thin but perfectly shaped.

Very pretty.

But...

Mu Hanxin raised her head and met his gaze.

When Chi You Ran saw the little bun's jade-like face, he couldn't help but exclaim out loud after looking down at the man's face. "Ah!" Little Star, this man ... This is simply your enlarged version! "

When the little bun heard this, he looked at the photo again.

No wonder he couldn't help but take a few more glances at that man just now. When he said that, he really did look like that man!

"Don't tell me that we met your father here by chance?" Chi You Ran lamented as he looked at the two faces that were almost identical to each other.

His dad...

The little bun's black eyes glittered brightly. He seemed very calm, but his gaze was fixated on the man's extremely handsome face in the phone. He was unable to recover from his shock for a long time.

"Uh, I was just saying it casually. How could there be such a coincidence?" Seeing the little bun's reaction, Chi You Ran quickly said.

"Godmother, do you know someone called Yu Yuan? I don't know what my surname is. " Mu Hanxin remembered that the woman called him this.

"If you really want to say it, you should know one." Chi You Ran thought for a moment, then suddenly clapped his hands and said: "Imperial Capital's Ji Huan Yuan! "He's the world's richest man on Forbes!"

"Does that mean he's very powerful?" Little Bun didn't know anything about Forbes.

"More than amazing, he's the richest man on earth, his industry is all over the world, he's the richest man in the world, but that's not the main point." Chi You Ran spoke passionately, his eyes beaming.

"The main point is ...?"

"The point is, not only is he young, he's also single!"

Mu Hanxin lowered her head and began to seriously ponder.

That man really did look like him, and he was still single. Perhaps he really was his father's son ...

Although Mommy had always disliked interacting with the opposite sex, but Daddy should be different, right?

Before meeting her, Mu Hanxing had never dared to mention the matter about her father in front of Mu Qinghuan. She didn't even dare to ask.

But now ...

The little bun looked at the screen and saw his face that looked just like an adult version of himself. He could not help but hold his phone tightly and made a decision in his heart!

He had to think of a way to get to know this man, who could possibly be his father's, and Mommy!

He wanted to find a place for his dad and a husband for Mommy!

"..."

Mu Qing happily drove the little bun and Chi You Ran back to their new room and made a table full of delicious food.

Chi You Ran felt both joy and heartache.

The young miss who was previously unstained by the sun and spring water was now in the kitchen.

For a moment, there was a sense of disappointment.

The two hadn't seen each other for a long time, so they didn't pay much attention to the little bun.
